CAREER OBJECTIVE

Motivated Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning at Chitkara University. Possesses hands-on experience in Python, Machine Learning, Artificial Intelligence, Web Development, and React through internship-based capstone projects. Seeking opportunities to apply technical knowledge, problem-solving abilities, and practical development skills to real-world projects.

EDUCATION

Bachelor of Engineering – Computer Science Engineering (Artificial Intelligence & Machine Learning)

Chitkara University, Rajpura

Currently Pursuing | 3rd Semester

Expected Graduation:2029

Senior Secondary Education – Class XII

Percentage: 81%

Secondary Education – Class X

Percentage: 93.6%

INTERNSHIP EXPERIENCE

Python / AI / Machine Learning Internship – Wayspire, Gurgaon

Completed internship-based projects involving Python, Machine Learning, Artificial Intelligence, Natural Language Processing, and Computer Vision.

AI Customer Support Chatbot

- Developed an AI-powered customer support chatbot.

- Used TF-IDF vectorization and Logistic Regression for text classification.
- Built the backend using FastAPI.
- Used Joblib for saving and loading the trained model.

Technologies: Python, Scikit-learn, FastAPI, TF-IDF, Logistic Regression, Joblib

Credit Card Fraud Detection

- Developed a machine learning model to detect fraudulent transactions.
- Worked with an imbalanced dataset.
- Used XGBoost for classification.

Technologies: Python, Pandas, Scikit-learn, XGBoost

Driver Drowsiness Detection

- Developed a system for detecting driver drowsiness using computer vision.
- Extracted image features using HOG.
- Used an SVM model for classification.

Technologies: Python, OpenCV, scikit-image, HOG, SVM

Sentiment Analysis

- Developed a sentiment classification model using the IMDB dataset.
- Classified reviews into positive and negative sentiments.
- Used TF-IDF and Logistic Regression.

Technologies: Python, Scikit-learn, TF-IDF, Logistic Regression

Web Development Internship – IIT Kharagpur Program via IIT Bombay

Completed internship-based capstone projects focused on frontend and modern web development.

Fictional Café Landing Page

- Designed and developed a responsive fictional café website.
- Created an attractive landing page with structured sections.

Technologies: HTML, CSS

React CRUD Application

- Developed a CRUD application using React.
- Implemented Create, Read, Update, and Delete functionality.
- Created reusable React components.
- Used LocalStorage for data persistence.

Technologies: React, JavaScript, HTML, CSS, LocalStorage

OTHER PROJECTS

Expense Tracker Web Application

- Developed a responsive web application for tracking income and expenses.
- Implemented expense management and financial reporting features.
- Created visual charts to analyze spending patterns.
- Used LocalStorage for data persistence.

Technologies: HTML, CSS, JavaScript, LocalStorage, Chart.js

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript

Web Development: HTML, CSS, JavaScript, React

Machine Learning & AI: Scikit-learn, XGBoost, TF-IDF, Logistic Regression

Data Analysis: Pandas

Computer Vision: OpenCV, scikit-image

Tools: Git, GitHub, VS Code, Streamlit, Joblib

Core Concepts: Object-Oriented Programming, CRUD Operations, Machine Learning, Artificial Intelligence, Natural Language Processing

CERTIFICATIONS

Wayspire Internship Certifications

Received multiple certificates for successfully completing internship activities, projects, and technical training in Python, Artificial Intelligence, and Machine Learning.

- Certificate of Internship

- Certificate of Training
- Certificate of Project Completion

IIT Kharagpur / IIT Bombay Program Certifications

Received multiple certificates for completing web development training, internship activities, and capstone projects.

- Certificate of Internship
 - Certificate of Training
 - Certificate of Excellence
-

AREAS OF INTEREST

- Artificial Intelligence
 - Machine Learning
 - Explainable AI
 - Natural Language Processing
 - Computer Vision
 - Web Development
-

STRENGTHS

- Problem-solving
 - Quick learner
 - Adaptability
 - Teamwork
 - Technical curiosity
 - Willingness to learn new technologies
-
